PRAYER SONGS

English

1.

There shall be showers of blessing
This is the promise of love
There Shall be seasons refreshing
Sent from the Saviour above
 Showers of blessing
 Showers of blessing we need
 Mercy-drops round us are falling
 But for the showers we plead
There shall be showers of blessing
Precious reviving again
Over the hills and the valleys
Sound of abundance of rain

2.

He is my everything
He is my all
He is my everything
Both great and small
 He gave his life for me
 Made everything new
 He is my everything
 Now how about you
Like honey in the rock
Sweet honey in the rock
For He tastes like
Honey in the rock.
 Oh taste and see
 That the Lord is good
 For the tastes like
 Honey in the rock. (He is my everything.....)

3.

Light of the world you stepped down into darkness
Opened my eyes, let me see
Beauty that made this heart adore you
Hope of a life spent with you
Here I am to worship
Here I am to bow down
Here I am to say that you're my God
You're altogether lovely
Altogether worthy
Altogether wonderful to me
King of all days, oh so highly exalted
Glorious in heaven above
Humbly you came to the earth you created
All for love's sake became poor
I'll never know how much it cost
To see my sin upon that cross

STRUCTURE OF ASSESSMENT SCHEME

The Assessment scheme will have theory, internal assessment or practical components as per syllabus given for each subject. Board shall conduct Annual examinations for class XII

As the Board is progressively allowing more space to 'learning outcome based' assessment in place of textbook driven assessment, question papers of Board examinations will have more questions based on real-life situations requiring students to apply, analyse, evaluate and synthesize information as per the stipulated outcomes. The core-competencies to be assessed in all questions, however, will be from the prescribed syllabus and textbooks recommended therein. This will eliminate predictability and rote learning to a large extent.

Annual examination:

For Class XII

The Board Examination will cover the entire syllabus of Class-XII as per syllabus for each subject.

Internal Assessment:

Internal Assessment in different subjects will be as per details given in the syllabus for each subject.

STRUCTURE OF ASSESSMENT SCHEME

The Assessment scheme will have an 80 marks component for Board examination (class X) and Annual Examination (class

IX) in all subjects except compulsory subjects to be assessed internally along with a 20 marks component of Internal Assessment. Students have to secure 33 percent in total in each of these components.

Board Examination for (Class X) and Annual Examination

The Board Examination in each subject will cover entire syllabus of Class-X. Grades corresponding to the marks shall be on the basis of 9-point grading system. Grades will be awarded in each scholastic subject. For awarding the grades, the Board will put all the passed students in a rank order and will award the grades

INTERNAL ASSESSMENT (20 marks):

Periodic Tests (05 marks):

As earlier, these would be restricted to 3 in each subject in a year and the average of best 2 would to be taken for final submission of marks. These tests tend to follow a pattern, which is quite similar to the final end of course examination, and have a gradually increasing portion of content. Hence, they also tend to prepare students for final summative exams in a more confident manner.

Multiple Assessment (05 marks):

Multiple assessment strategies relevant to particular learning outcomes are advised over the period of curriculum transaction. The subject teachers would determine the type and frequency of these. This would make assessment more comprehensive and provide schools/teachers flexibility to use multiple and diverse techniques to assess learners viz. observation, oral tests, individual or group work, class discussion, field-work, concept maps, graphic organizers, visual representation etc.

Portfolio (05 marks):

A portfolio is a collection of chosen work by a student representing a selection of performances that is collected over time and describes the learner's efforts, progress, and achievement in key areas. It is a tool for assessing a variety of skills not usually testable in a single setting of the traditional written paper and pencil tests.

Subject Enrichment Activities (05 marks):

Subject enrichment activities aligned with the secondary school curriculum aim at enrichment of the understanding and skill development. They provide in-depth learning that motivates students to dig deeper into the discipline. These enrichment activities need to challenge students and permit them to apply knowledge to the next level. These activities become an important instrument to learn the processes by which knowledge is generated in a particular discipline.

MESSAGE

Studies are located mainly on different kinds of books, periodicals, speeches of great intellectuals, scientists and media like television, computer etc., covering an arena of history, logic, science, rhetoric, lessons based on ethnology etc.

History makes a man wise. Poetry makes a man imaginative. Mathematics develops subtlety in a man. Natural philosophy enables a man to go deep into things. Logic and rhetoric develop a man's debating powers.

Various mental defects can be remedied by appropriate studies just as various physical defects can be remedied by appropriate exercises and medicines.

If a man's mind wanders too much he should be made to study Mathematics. If a man is unable to make distinctions between things he should study the great works of great philosophers. If a man is incapable of analysing something deeply he should study the arguments and speeches made by famous lawyers of certain tumultuous cases.

Many writers and wisemen have been emphasising the virtue of good education imparted from proper institutions. Most of the respectable men who did great are the products of well known institutions.
